Document destruction pricing by Cass is competitive with for-profit businesses. Customers can select locking containers or a purge; pre-arranged, regularly scheduled or on-demand pick-ups; paper only or a combination of paper, cardboard, x-rays, CDs/DVDs. Contact the Sales Office at Cass to discuss the service options and related costs.

CASS COMMUNITY SOCIAL SERVICES provides food, housing, health and employment services for 500 poor and homeless men, women and children each day. Cass offers a warming center, 2 emergency shelters, transitional housing as well as permanent supportive housing. Health services include mental health programs and two free medical clinics. Employment at Cass refers to both job training and permanent employment. 75 people work in Cass’ Green Industries. The mission of Cass is to increase self-reliance and community development.

Paper document security is just as important as electronic: research shows that most identity thieves obtain information through traditional paper-based sources rather than electronic channels.

“We can talk about the number of adults with developmental disabilities that we employ, we can talk about being environmentally friendly… but the most important service we offer — and what our customers are looking for—is security.”

Rev. Faith Fowler, Executive Director
Cass Community Social Services

Every day at Cass Community Social Services, Green Industries employees are responsible for destroying sensitive documents for security-conscious customers. Since 2007, the workers have serviced documents for doctors, lawyers, accountants and other professionals, all while providing vital jobs for workers with disabilities.

The Cass Document Destruction services include:

- Paper shredding
- Recycling programs
- Media/x-ray film destruction

Our services utilize:

- Professional, trained and insured staff members.
- Full 7-year background checks of all employees.
- Alarm monitored facilities with 24/7 video surveillance and 90-day back-up tapes.
- Regularly scheduled pick-up days of locked 65 gallon containers or periodic “purge” pick-ups.

CCSS shreds paper to align with strict I.R.S. requirements including shred widths of 5/16” (verses the industry standard of 5/8”) and domestic recycling of shredded paper.
